Peace Prayer

Lord God,
You made the world in all its beauty
You created us to love you and to love one another
We dream of an end to wars, we dream of peace.

We dream of an end to hatred,
To cruelty and division.
We dream of a golden age of
Respect for one another,
And for your creation.
Lord, help our dreams to become reality

Teachers Industrial Action: 29 May Strike Day

On Wednesday 29 May our teachers will again join teachers around the country and strike. This decision was not taken lightly.

Teachers have been asking for a year now for a pay jolt to help address the staffing crisis, resourcing for more time to teach and time to lead & to address workload issues, a SENCO for every school to support students with additional learning needs and ongoing career development work so that we have the skill, support and recognition we need to work effectively with all children.

We greatly appreciate the community support that we have received following the decision by teachers and principals to strike on Wednesday 29 May.

Schools are grappling with the fallout of a 40% nosedive in the number of people training to be teachers between 2010 and 2016, even while the population grew by 400,000. While the situation improved a little last year and the Government has announced an urgent \$95m package to recruit teachers, this is not sufficient to address the crisis. We have noticed that it is more of a struggle to relieve when teachers are sick or on a course. This will worsen as winter approaches. There is also a desperate need for more support for children with additional learning needs. St Joseph's Board is able to fund part time teacher to take responsibility for special learning and behaviour needs (SENCO) but this person is also a classroom teacher so has to balance the two jobs. The fact that the Board funds this position means that money is not going to other areas.

More information about arrangements on the strike day will be sent out by the Board.

Learning Conferences Wednesday 3 July

8.00 am – 5.30 pm

At St Joseph's School, a Learning Conference is a conference run by students, for their parents, about their learning. During the twelve minute conference, students present learning in different curriculum areas, as shown primarily in their classroom work. Students discuss the process of learning, and the progress they have made with reference to their goals and the criteria against which their work has been evaluated.

Teachers, depending on the age, confidence and capability of students, provide prompts and support for the student to explain their learning progress and next learning steps.

Time has been set aside for you to ask/discuss with the teacher any learning areas not covered in the conference if you need to.

If there are behaviour or social issues, another time should be set aside to discuss this as the focus is on learning. We do ask that the bells are adhered to and that times are kept to, so that all families get a fair time.
